

Cement, Grout & Salt Residue Remover

A rapid action cleaning agent for removing cement residues, grout stain, salts, efflorescence and other similar deposits. May also be used in dilute or concentrated form.

Interior & Exterior use

For all types of Porcelain, glazed ceramic, slate, quarry tiles, brick, terracotta, sandstone, granite and unpolished natural stone.

Directions for use

Always test/practice on an inconspicuous area before proceeding to ensure that the finished result is satisfactory.

Shake container well before use.

In mild cases and on non-absorbent surfaces:

Dilute 1 part Cement, Grout & Salt Residue Remover in 4 parts cool water. Apply with a cloth or sponge wrung out in the solution. Leave for up to 30 minutes. Extract released residues using a sponge and water.

In more severe cases:

Dilute 1 part Cement, Grout & Salt Residue Remover in 1 part cool water. Apply liberally and spread over surface. If necessary, agitate with a scrubbing brush or rotary scrubbing machine and leave to react for 5-10 minutes, keeping wet surfaces wet with additional Cement, Grout & Salt Residue Remover solution. Extract and rinse thoroughly with clean water.

In extremely severe cases:

Wet the surface to be cleaned and apply undiluted. Agitate with a nylon pad, scrubbing brush or mechanical scrubber. Immediately extract and rinse thoroughly with clean water.

N.B. Always dilute by adding product to water. Not the other way round. Always rinse surfaces thoroughly with cool clean water.

Coverage: M² per application

	1 LTR	5 LTR
Mild cases	25m ²	125m ²
Severe cases	15m ²	75m ²
Extremely severe cases	5m ²	25m ²

Notes

Not suitable for use on surfaces that are highly polished, (i.e. polished marble, travertine or limestone). Any contaminated surface should be rinsed off immediately with plenty of **clean water**. Do not use when under floor heating systems are in operation. Mask and protect any surface not to be cleaned.

Storage information

Store in a cool, dry, frost free environment ideally at 5 - 25°C
Shelf life up to 2 years if container is unopened.

Health, Safety & Environmental

Contains: hydrogen chloride

Causes skin irritation. Causes serious eye damage.
